

# COLLEGE OF MARIN

Notice of Construction Activity  
March 6, 2023 – March 12, 2023

The following activities will take place over the next week, **March 6 – March 12**.

- a. Grading in Areas E & F (see below map)
- b. Soil Testing in Area E (see below map)

You can expect to see large construction vehicles on site. Please note regarding the soil testing: **Persons that are in direct contact with the soil being tested are required to wear personal protective equipment such as goggles, a half-face respirator with a particulate filter and a Tyvek suit. This level of PPE is merely a precaution and not an indication of significant contamination. Air quality monitors will be onsite.**

Noise you will expect to hear onsite:

1. Idling trucks
2. Back up alerts
