

Notice of Construction Activity
June 26, 2023 – July 2, 2023

Please see below for construction activities happening on the site of the Learning Resources Center, **June 26 – July 2.**

1. Grading to continue on site
2. Mobilizing of equipment for shoring installation
3. Continued installation of shoring wall which will include drilling holes, pouring concrete, installing steel
4. Demolition of the old building foundation piers
5. Drilling and excavation for foundation work

Noise you will expect to hear onsite:

1. Large equipment such as drills
2. Idling trucks
3. Back up alerts

Vibrations may occur with the drilling. There is also the potential for increased noise during the demolition of the old foundation as well as if they hit a certain type of rock/soil while drilling.

If you have any questions, please reach out to Klaus Christiansen directly.
